

# Tarpeena's Pages

For girls and boys  
aged 6-12 years

Dear Boys and Girls,  
Your 2007 school year is beginning! Always remember that all of us need to respect the people who are in charge of us. Many people think that they can go against their parents, teachers, bosses, or government leaders, but rebellion will always bring a chain of consequences that will not give joy. Back-chatting, bad language, drugs and other wrong lifestyle choices are often ways that people use to rebel against those in authority. However, these choices only bring unhappiness and pain. Learning how to willingly place yourself under the authority of those in charge - to be respectful and obedient to them - will bring great blessing and happiness to your life. Using the code on page 2, work out the coded messages telling us why rebellion is a bad choice and who we should respect. I hope you have a really great year!

Your friend,

*Tarpeena*

## The Proper Way to Take Drugs.

by Reuben Grynglas

It is OK to take drugs that a doctor gives us as long as we take them properly. This is called prescription medicine. These drugs help us to get well. Some help us not to get sick in the first place. But there are other drugs that are so bad they can kill. Make sure you only take drugs prescribed in the proper way!
