

Drug Free Kids

www.dfk.com.au

For girls & boys
aged 6 to 12

My name is Antoinette Ant. I live in a large colony of ants. I think we have a big problem in our colony.

Guess what! I'm the problem! I'm Lonnie, the Lomechusa beetle. I moved into the ant colony. I lay my eggs all over the place. I have something the ants like!

I can get the ants to do just what I want. They will feed me instead of their own young ants when I stroke them with my antennae.

Who cares about work? Let's just enjoy the drink! It's so sweet!

Yeah, I think Lonnie is just great. She gives me a sweet-smelling drink from her glands—Oh, it's so good I can't think of anything else!

Thanks, Mum!

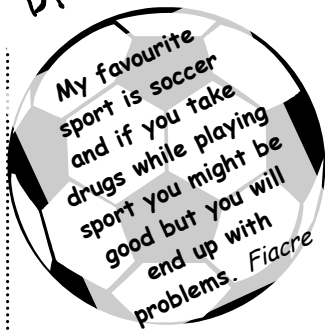

Proverbs 31:27, 28
She carefully watches all
that goes on in her
household...
Her children stand and
bless her.

I Love You,
Mum!

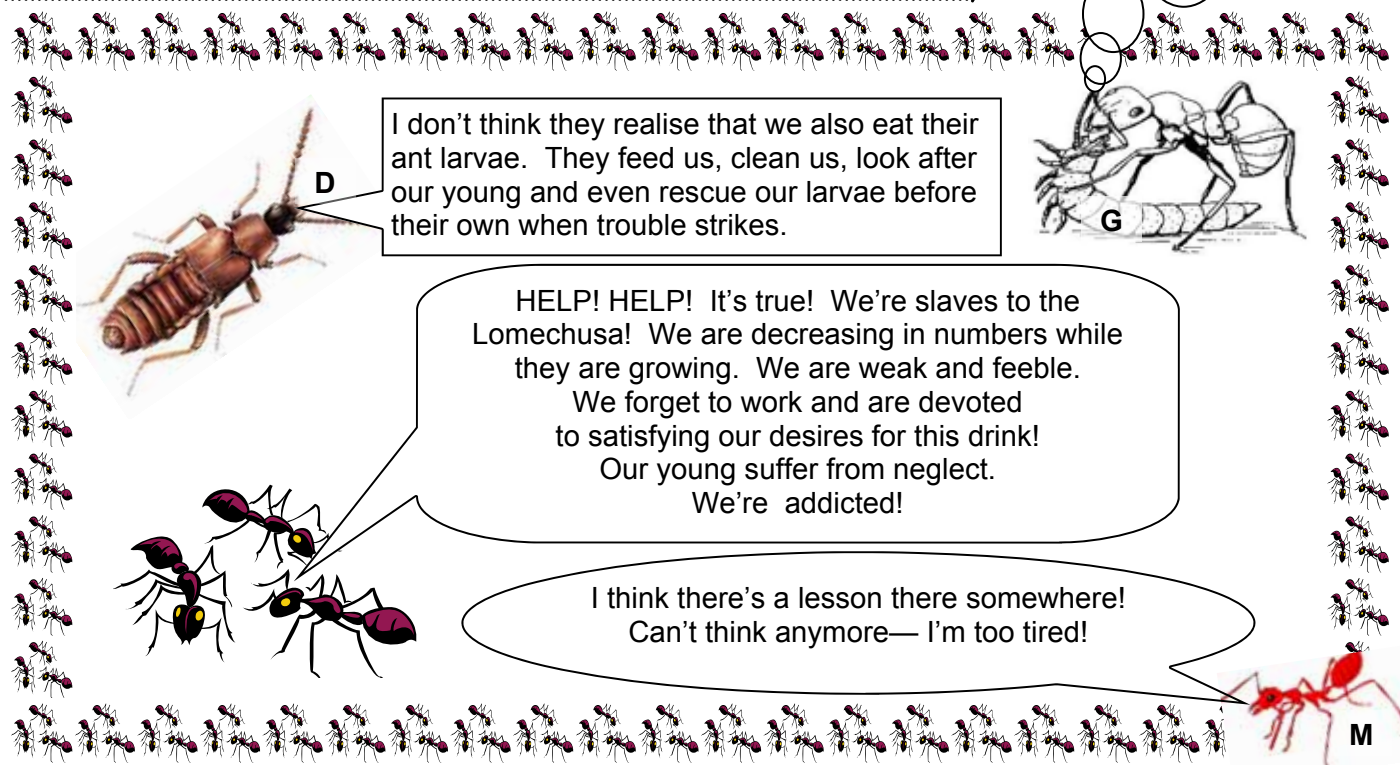

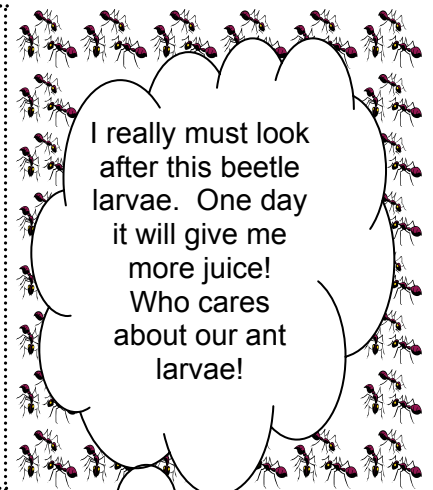

DFK Mailbag

This quarter, I received mail from:
Fiacre Munezero - 30 points Fiacre wrote
 about his favourite sport and why
 it is important to be drug-free to
 play well. Well done!

Welcome to new DFK members: **Chelsea Petterd**
 You can write to me or send things for the Fun
 Pages at the email address on page 1 or to the
 postal address on the promise form on page 4 or
 by filling out the form on the website—
www.dfk.com.au. Answers to puzzles can also be
 found on the website address.

Proverbs 31:30
 A woman who fears the Lord
 will be greatly praised.

Dear

Warm and happy memories
 of all the things you've done,
 Many, many thank you's
 for each and every one,
 Worlds of special love and pride
 And many fond thoughts too.
 Come with this wish,
 Oh, Mother Dear
 because it's meant for you!

With love from

Cut around the box above, colour in the pictures on all sides of the card. Fill in your mother's name or the person who is like a mother to you and sign it. Decorate the card as you like. The outside of the card is on the other side. Fold in half and give the card to her for Mother's Day or just to say thank you for her care.

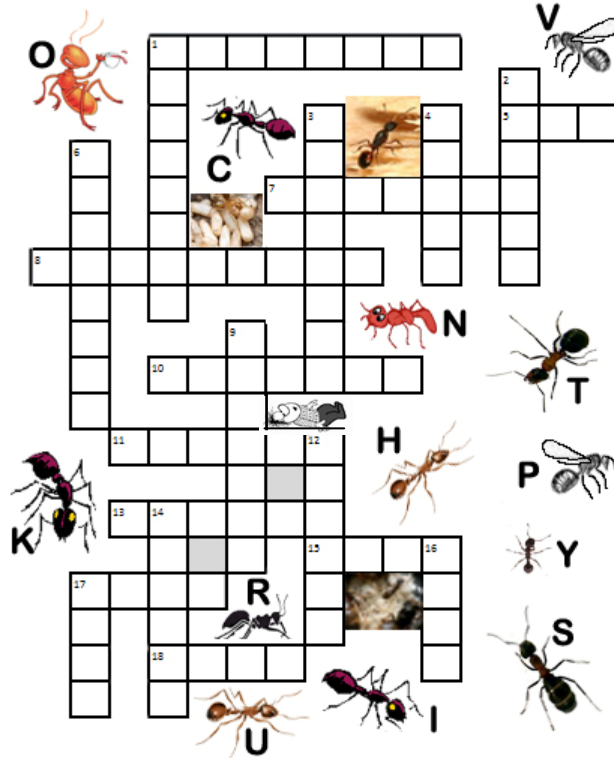

Find me
6 times!

ACROSS

1. What the beetle uses to tap or stroke the ant to get it to give it food
5. What the young beetles do to the ant larvae
7. To not look after; the ants do this to their young when they drink beetle juice
8. The type of beetle that gives a sweet-smelling drink to the ants from its glands
10. When someone or something has complete control over you
11. To collect together; the ants do this to the beetle eggs.
13. A place equipped with tufts of bright red and golden hairs from which the ants get the beetle juice
15. To look after; the ants do this to the beetle eggs, larvae, grubs and beetles
17. What the ants forget to do when they drink beetle juice
18. Insects which live in colonies and are usually known for their hard work

Addicted Ants

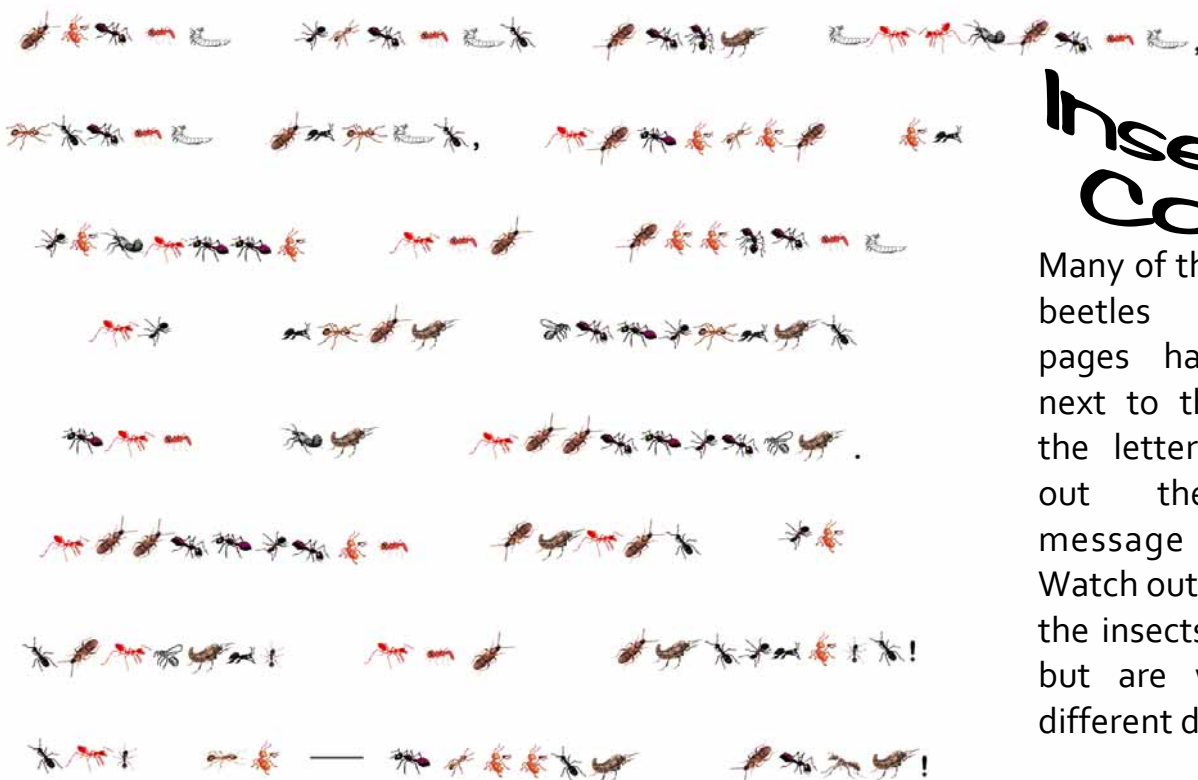

DOWN

1. People and ants become to substances when they cannot live without them
2. An insect which moves into an ant colony and makes slaves of the ants
3. A sensation which often only lasts a short time
4. The type of smell of the substance that the ants like
6. The name given to the homes of ants when they all live together
9. The ants spend much time doing this to the beetle larvae and beetles to keep them clean
12. This means to save; the ants save the beetle grubs before their own larvae when

danger threatens

14. A stage through which ants and beetles pass in their growing cycle
16. What the beetle lays at random around the ant nest
17. What the ants become when they are addicted to the pleasure from beetle juice.

Insect Code

Many of the ants and beetles in these pages have letters next to them. Use the letters to work out the coded message below. Watch out as some of the insects look alike but are walking in different directions.

Birthday Blessings!

Great Promises from God:

"I will instruct you and teach you in the way you should go; I will counsel you and watch over you."

Psalm 32:8
