Your new school year will have lots of interesting things for you to learn, great activities for you to do and you will often find new children that you will get to know.

People that we meet can become really good friends.

These fun pages look at how you can make friends and be a good friend.

Developing a friendship is like planting a seed. Look after the seed well and you may be surprised at the beautiful plant that develops.

A GUIDE TO MAKING AND BEING A GOOD FRIEND

1. Look for groups of children with similar **interests** to your own. Make sure you know how to do some things that are common to what the group does.
2. Look **happy** and **smile** at the other children - have a **positive** attitude to others.
3. Look for children who seem **shy** and introduce yourself. Share **safe** information about yourself - what things you like to do or play.
4. Don't **brag** or **boast** about yourself or make the other child feel unimportant.
5. Be a good **listener** - don't do all the talking or **babble** about yourself. Ask about their interests.
6. Be **helpful** and kind, but not **bossy**.
7. Build **trust** by keeping the other child's **confidence** - don't share the special **dreams** that they have shared with you with everyone else.
8. Do not be **critical** of your friends or **gossip** or talk about them behind their back - **accept** them for who they are.
9. Talk about **good things** with them - don't share all your **problems** all the time. No one likes a moaner!
10. If you don't like what they plan, be honest and say so in a positive way and suggest an alternative.
11. Do not **compromise** the things you **stand firm** for. Don't **give** in to peer pressure. Be strong to say "No" if they are wanting to do wrong.
12. Avoid being **jealous** of your friend - **share** them with others and do not act as if you "**own**" them.
13. **Treat others** as you would like to be treated.
14. Remember it takes time to get to know and **understand** someone to make a **best friend**.
