

Drug Free Kids

Have you ever walked into a spider's web? It feels awful! Imagine if you were an insect that was trapped in that web. No one likes to be caught and held against their will or trapped. Some

activities that can trap people include gambling, looking at rude pictures, spending too much time on the internet or watching TV. Alcohol, smoking and other drugs can make people slaves to the drug so they find it hard to make good choices. Join the dots from 1 - 110 to find what happens when we make poor choices and give in to things that will destroy us. Choose to say "No" and remain free.
