

DON'T PLAY WITH DEATH!

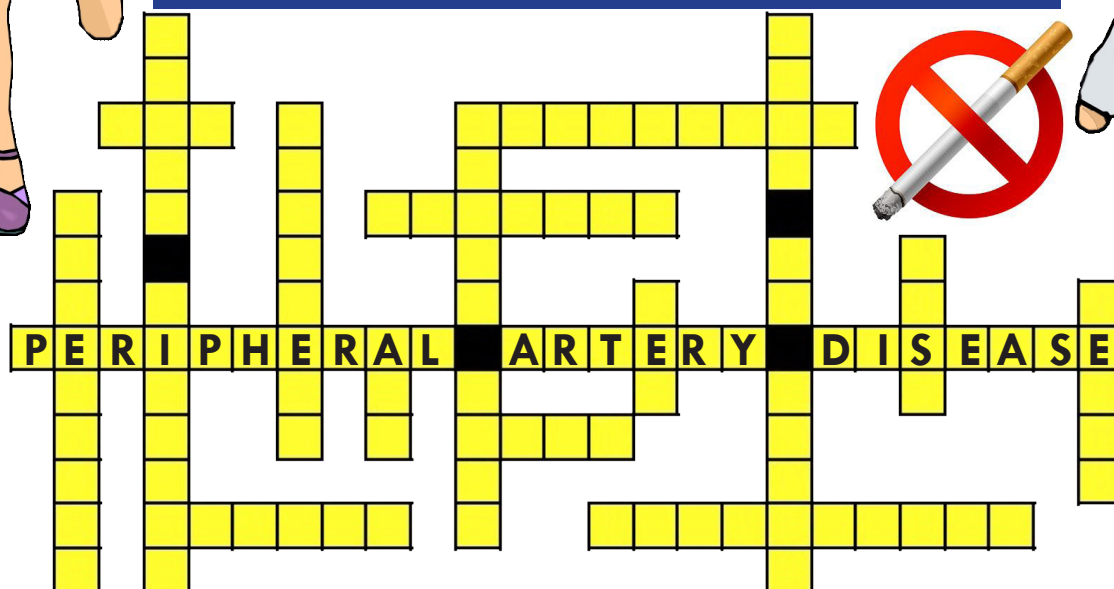

P.A.D. are the letters for the disease - **Peripheral Artery Disease**.
Smoking is one of the major **risk** factors for this disease.

It lessens the **blood flow** to the limbs and other parts of the body. This means that a person may suffer many other problems such as a **stroke**, **heart disease**, **blindness**, **infection**, **gangrene** and **loss of limbs**.

Don't lose an **arm** or a **leg** for a smoke!
 Choose to have **life**, not **disability** or **death**!

Place the bold, green underlined words above in the crossword by fitting the size of the words to the empty squares, so that all the words fit.
