

Drug Free Kids

www.dfk.com.au

For girls and boys aged 6 to 12

Join the dots and colour the picture to discover one of the most dangerous sea creatures in Australian waters. It can grow up to 6 metres in length. However, drugs can damage people in more ways.

Drugs can lead to crime, addiction, sickness, much sadness and death.

One man found out the hard way the damage that drugs can do. He said, "A stupid marijuana mistake destroyed my naval career."

Find out his name on the next page!
